	<h1>Texas</h1>
State Plan	The state is in the process of creating a plan for K-12 computer science that includes goals, strategies, and timelines, as required by HB 2984 (2019).
In Progress	
Standards	The Texas Essential Knowledge and Skills (TEKS) at the high school level contain computer science standards, and HB 2984 (2019) directed the State Board to review and modify the K-8 TEKS for Technology Applications to include coding and computational thinking by December 31, 2020.
In Progress	
Funding	Although the state does not yet provide dedicated state funding for computer science professional development, HB 3 and HB 963 (2019) consolidated all computer science (or technology applications) courses into CTE and allowed schools to receive weighted funding for students enrolled in those courses in grades 7-12.
Other	
Certification	Teachers with or without existing licensure can obtain an 8-12 certification by completing a state-approved teacher preparation program and passing certification exams.
Yes	
Preservice	The Texas Education Agency has approved teacher preparation programs leading to certification in computer science and lists these programs publicly.
Yes	
CS Supervisor	The state does not yet have a dedicated computer science education supervisor position.
No	
All HS Offer	The State Board of Education added computer science courses to the list of required offerings at high schools (19 TAC § 74.3) in 2014.
Yes	
Grad Credit	AP Computer Science A, IB Computer Science Higher Level, or discrete math can count as a required mathematics course for graduation. Computer science can also count as an advanced science credit, and multiple course options can satisfy the foreign language requirement.
Yes	
IHE Admission	Computer science can count as the fourth mathematics credit required for admission at institutions of higher education.
Yes	
Texas is a member of the ECEP Alliance and has CSTA chapters.	

High Schools Teaching CS

High Schools Teaching CS by School Type

AP CS Student Participation

Access and Participation by Race/Ethnicity

Overall Student Demographics

Demographics in Schools Teaching AP CS

Demographics of Students Taking AP CS Exams

AP CS Participation by Race/Ethnicity and Gender

Female Students

Male Students

Native American students are 3.5 times less likely, Hispanic/Latinx students are 3 times less likely, and Black students are 6 times less likely than their white and Asian peers to take an AP CS exam when they attend a school that offers it.
