

Connecticut

State Plan	The State Board of Education adopted a computer science plan in 2020. The plan includes recommendations to reduce gaps in access to computer science courses for female students, students with high need, and students from marginalized racial and ethnic groups underrepresented in computer science. The plan also targets diverse representation in computer science teachers.
Yes	
Standards	The state adopted the CSTA K-12 Computer Science Standards in 2018. Standards within each grade band address concepts of equity, such as bias, accessible technology, and inclusivity.
Yes	
Funding	Although SB 957 (2019) created a fund for computer science, no funding has been dedicated yet.
No	
Certification	Teachers with existing licensure can obtain the K-6 or 7-12 endorsement through academic coursework or passing the Praxis CS exam (approved in December 2019).
Yes	
Preservice	SB 957 (2019) required teacher preparation programs to include, as part of the curriculum for all preservice candidates, instruction in computer science that is grade-level and subject-area appropriate.
Yes	
CS Supervisor	The Department of Education has a Computer Science Education Consultant.
Yes	
All HS Offer	SB 957 (2019) added computer science to the list of subjects that public schools must teach, with implementation by the 2019-2020 school year.
Yes	
Grad Credit	The state does not yet allow computer science to count for a core graduation requirement.
No	
IHE Admission	The state does not yet allow computer science to count as a core admission requirement at institutions of higher education.
No	

Connecticut is a member of the ECEP Alliance and has a CSTA chapter.
