

| | New Mexico |
|--------------------------------|---|
| State Plan | The state is in the process of developing a plan for K-12 computer science that includes goals, strategies, and timelines. |
| In Progress | |
| Standards | The state adopted the CSTA K-12 Computer Science Standards in 2018. Standards within each grade band address concepts of equity, such as bias, accessible technology, and inclusivity. |
| Yes | |
| Funding | HB 548 (FY 2020) allocated \$200K annually to develop and implement teacher professional development courses. HB1 (first special session, FY 2021) amended the FY 2021 budget to allocate \$300K for K-8 computer science. The application guidance includes professional development activities that are culturally and linguistically responsive, and awards prioritized high-need districts. |
| Yes | |
| Certification | The state does not yet have a computer science teacher certification. |
| No | |
| Preservice | The state has not yet established guidelines or approved programs at institutions of higher education to offer computer science to preservice teachers. |
| No | |
| CS Supervisor | The Public Education Department is in the process of hiring a Computer Science Specialist. |
| In Progress | |
| All HS Offer | The state does not yet require that all secondary schools offer computer science. |
| No | |
| Grad Credit | Computer science can count as a mathematics or science credit for graduation, provided that a student has demonstrated competence in mathematics or science. |
| Yes | |
| IHE Admission | The state does not yet allow computer science to count as a core admission requirement at institutions of higher education. |
| No | |
| New Mexico has a CSTA chapter. | |

High Schools Teaching CS
