

Virginia

State Plan	Although the state has not yet created a state plan, HB 1663 (2017) established a Computer Science for All Virginia Students advisory committee and public-private partnership.
No	
Standards	The state added mandatory K-12 computer science standards to the state Standards of Learning in 2017, effectively requiring all K-12 schools to offer instruction in computer science. Standards within each grade band address concepts of equity.
Yes	
Funding	HB 30 (FY 2021 and 2022) allocated \$1.35M annually to support computer science education and implementation of the standards, including professional development. HB 30 (FY 2021 and 2022), HB 1700 (FY 2019 and 2020), and HB 1500 (FY 2017 and 2018) also allocated \$550K annually for CodeVA.
Yes	
Certification	Teachers can obtain an endorsement through coursework or passing the Praxis CS exam. An initial license in computer science requires completing a state-approved program or coursework. The Department of Education convened a workgroup on micro-credentials and is now developing recommendations per HB 836 (2020).
Yes	
Preservice	The Department of Education has approved teacher preparation programs leading to certification in computer science and lists these programs publicly.
Yes	
CS Supervisor	The Department of Education has a Computer Science and Virtual Learning Specialist.
Yes	
All HS Offer	HB 831 (2016) added computer science into the state's K-12 Standards of Learning, which all schools must implement.
Yes	
Grad Credit	A variety of computer science courses can count as a credit for graduation in lab science, career and technical education, or mathematics at or above the level of Algebra II. Students in English as a Second Language programs can add a computer science elective for graduation credit if they test out of their foreign language requirement.
Yes	
IHE Admission	The state does not yet allow computer science to count as a core admission requirement at institutions of higher education.
No	

Virginia is a member of the ECEP Alliance, has CSTA chapters, and Governor Ralph Northam is a member of the Governors' Partnership for K-12 Computer Science.
