

# Oklahoma

<b>State Plan</b>	The state has not yet created a plan for K-12 computer science that includes goals, strategies, and timelines.
No	
<b>Standards</b>	The state adopted K-12 computer science standards in 2018. Standards within each grade band address concepts of equity, such as bias, accessible technology, and inclusivity.
Yes	
<b>Funding</b>	Although SB 593 (2019) authorized the State Department of Education to create a grant program for computer science professional learning and recommended \$1M subject to authorization, no funds were appropriated for the program.
No	
<b>Certification</b>	Teachers with existing licensure can obtain a 9-12 certification through passing the state content exam; teachers can also earn an initial license in computer science.
Yes	
<b>Preservice</b>	The state has not yet established guidelines or approved programs at institutions of higher education to offer computer science to preservice teachers.
No	
<b>CS Supervisor</b>	The State Department of Education has a Director of Education Technology and Computer Science Education.
Yes	
<b>All HS Offer</b>	The state does not yet require that all secondary schools offer computer science. However, SB 593 (2019) directed the State Department of Education to develop a rubric for computer science programs in elementary, middle, and high schools to serve as a guide to schools for implementing quality computer science programs.
No	
<b>Grad Credit</b>	An approved computer science course can count as a mathematics or computer technology/world language credit in the Core Curriculum Standard Track.
Yes	
<b>IHE Admission</b>	Two computer science credits can count towards the additional required units in required content areas for admissions at institutions of higher education, which aligns with the high school graduation policy.
Yes	

Oklahoma has a CSTA chapter.

## High Schools Teaching CS

\*Data was not collected for the 2018-2019 school year

## High Schools Teaching CS by School Type

## AP CS Student Participation

## Access and Participation by Race/Ethnicity

### Overall Student Demographics

### Demographics in Schools Teaching AP CS

### Demographics of Students Taking AP CS Exams

## AP CS Participation by Race/Ethnicity and Gender

### Female Students

### Male Students

Native American students are 2 times less likely than their white and Asian peers to attend a school that offers AP CS, and 2.4 times less likely to take an AP CS exam when they attend a school that offers it. Hispanic/Latinx students are 2 times less likely and Black students are 5 times less likely to take an AP CS exam when they attend a school that offers it.
